Shivalik Bimetal Controls Ltd. selects Merino Services to implement Infor Solutions to Drive Business Agility Shivalik Bimetal Controls Ltd.. is a established Manufacturer of Bimetallic Strips

Delhi, India – June 17, 2014

Merino Services a leading Business Consulting and IT Services Company and a fully owned subsidiary of USD 200 million Merino Group, today announced that Shivalik Bimetal Controls Ltd. an established manufacturer Bi-Metallic strips has selected

Merino Services for providing implementation services on Infor ERP Syteline.

Merino services will deploy Infor Syteline to integrate Shivalik Bimetal Controls Ltd. business operations across multiple locations. Infor is fundamentally changing the way information is published and consumed in the enterprise, helping 70,000 customers in more than 200 countries and territories improve operations, drive growth, and quickly adapt to changes in business demands. Infor offers deep industry-specific applications and suites, engineered for speed, and with an innovative user experience design that is simple, transparent, and elegant.

News Points

- Infor solutions with a strong micro-vertical focus catering to complex manufacturing needs of Shivalik Bimetal Controls Ltd. was selected over other solutions that were rigid, expensive to maintain and lacked ease of use.
- With the combined strengths of Infor Syteline, the company will address its requirements of aligning complicated Strips manufacturing process with its long term vision of business growth.
- With the rapid deployment of Infor solutions, Shivalik Bimetal Controls Ltd. also aims to improve business profitability with reduced wastage, reduced order to cash cycle, increase accountability across the organization and improve customer experience.

About Customer:
